SUMMARY

Cyber Security and Software Engineering undergraduate with experience in full-stack development, cloud technologies, and scalable application deployment. Skilled in Python, Java, C++, Flutter, Firebase, and cybersecurity practices with proven leadership in national-level hackathons and government-backed technology projects.

EDUCATION

VEER MADHO SINGH BHANDARI UTTARAKHAND TECHNICAL UNIVERSITY Uttarakhand, India
Bachelor of Technology, Computer Science & Engineering, Lateral Entry 2027 Batch

GOVERNMENT POLYTECHNIC KASHIPUR Uttarakhand, India
Diploma in Computer Science & Engineering Oct 2021 – Jun 2024
CGPA: 8/10

SKILLS AND INTERESTS

Programming: Python, Java, C#, C, C++, MySQL, XML

Mobile: Flutter, Android App Development, Firebase

Cloud & Tools: AWS, Linux, Git, GitHub

Cybersecurity: VAPT Basics, Security Awareness, Security Practices

Other: IoT Systems, VHDL Programming, MGX, Firebase App Builder

Soft Skills: Leadership, Communication, Teamwork, Adaptability, Problem Solving, Time Management

PROJECTS

KickStartU – Founder / Ideator

- Designed the system architecture, roadmap, and core product workflow.
- Collaborated with developers to implement scalable modules.

Raj Bhavan Spring Festival – Government of Uttarakhand

- Co-developed and deployed technology-driven solutions for public-facing government operations.
- Delivered reliable systems successfully in live production environments.

Cancer Care India – Web Platform

- Built a healthcare awareness platform using GitHub and modern web technologies.

EXPERIENCE & LEADERSHIP

Operational Head – Technical Club

Led workshops, hackathons, and innovation-focused technical events.
Mentored students in software engineering and cybersecurity fundamentals.

Google Student Ambassador

Hosted developer events, grew a student tech community, and promoted Google technologies through collaborative engagement.

Uttarakhand Head – Cyber Security Awareness Program (CSAP)

Led statewide cybersecurity awareness initiatives and digital safety campaigns.

Smarted Student Ambassador

Organized interactive student sessions, strengthened peer learning communities, and encouraged innovation-driven participation.

ACTIVITIES AND CERTIFICATIONS

- Winners, IDE BootCamp 2026** — Presented a startup idea with market analysis and revenue strategy.
- Winner – National Level Hackathon**, Dev Bhoomi University (Team Lead)
- Self-published author of 'The Human Brain Is Universe'
- Strong leadership, public speaking**, and event management capabilities
